LOCAL NEWS.

THE CHARGES AGAINST DR. J. B. JOHNSON The charges preferred by Dr. R. C. Powell, the Corporation Health Officer, against Dr. J. B. Johnson, a member of the Board of Aldermen from the Third Ward, have created quite a ripple of excitement in local affairs, and have, for the last few days, been the subject of general conversation among all classes, who anxiously await a development of the merits of the case, and last night the chamber of the Board of Aldermen was crowded to overflowing, many of the best citizens having been drawn thither by their interest in the case, and manifesting a lively appreciation of all that transpired in the chamber, which presented the unusual spectacle of the "City Fathers" setting in trial upon one of their own number. The investigation was conducted before the Board as a committee of the whole, in a hap-hazard manner, such as invariably is the case where proceedings of this character are without order or system, and confused by irrelevant interrogatories, prompted in many instances by mere curiosity, and productive of no result except responses in vague and uncertain generalizations upon collateral subjects not bearing directly upon the issues involved in the investigation. Two hours of the session were in this manner fritted away with out accomplishing any result whatever; and without concluding the evidence in relation to the first charge, the Board adjourned until to-night. The impeachment trial of Warren Hastings covered a period of eight years, and extended into inquires concerning transactions of twice that space of time, and dragged its slow length along whilst political parties alternate y acquired and lost the ascendancy, and many of those who had been antagonistic to the detendant had passed from being his judges to become judged before another and higher tribunal, and it may be safe to say that unless some more certain and expeditions method of investigating and ascertaining the facts relating to the charges which have been brought against Dr. Johnson is resorted to before judgment can be pronounced upon the guilt or innocence of that gentleman, the present Board will have passed out of existence and become as one of the things that were.

zete of July 14th, I, as secretary of that board, must pronounce the report incorrect. In the first place the secretary was not reprimanded, as reported; but there was a question of veracity between some of the members as to how the letters read, and on motion a committee was appointed to ask for a copy of the said letters. In the second place, the secretary has not collected one cent of rent or rents since he has been elected, Mr. Seston continuing to collect as usual without the bond which he requires the Secretary to give. In the third place, a motion was made that Mr. G. L. Seaton receive as a compensation \$12 per month for extra services rendered. The motion was lost: nays, George W. Simms J. McK. Ware, A. S. Perpener and Geo. W. Bryant; yeas, Rev. C. Robinson and Geo. P. Douglass; G. L. Seaton not voting; Jas. E. Piper in the chair. At that time there were only eight membrs present. A few moments after Mr. J. H. Davis arrived, and Rev C. Robinson, seeing that Mr. Seaton now had a majority, offered a reasolution that Mr. Seaton receive for a compensation \$12.50 per month, making the entire amount \$1200. The motion was carried by the Vice President casting the deciding vote, the President being absent. The yeas were: Rev. C. Robinson, Geo. P. Douglass, J. H. Davisand G. L. Seaton. The nays: Geo. W. Simms, J. McK. Ware, A. S. Percener and George W. Bryant. Rev. Samuel W. Madden and H. S. King would have voted in the negative bad they heen p esent. We, the majority of the Board, looking to the interest of the people, are not willing to pay Mr. Seaton \$1000 or \$1200, after running the machine alone for seven or eight years and not saying something about compensation to the Board until he was deposed. jy 21-1t GEO.
